

Industrial cabinets

Sturdy, quality storage cabinets made from powder-coated steel provide storage suitable for industrial and technical environments. A wide range of accessories helps easily adapt the cabinets according to storage needs. Adjustable legs keep the cabinet stable on uneven surfaces. All cabinets have a lock, and most models also come with solid double doors. The low models have a rubber mat and sides to prevent objects from sliding off the top.

- A sturdy, grey (RAL 7035) steel frame, two widths and heights, depth 15.75", door color blue (RAL 5007) or grey (RAL 7035)
- Maximum load per shelf 330 lbs
- All M30 accessories fit the 31.5" wide cabinet
- Two lock options; a key and wire handle, or a locking handle, with two keys always included; serialization is possible
- Leveling screws ensure firm standing on uneven surfaces; can be moved by forklift
- Also with ESD protection
- The cabinets are delivered assembled; shelves and add-ons provided separately
- Also available with plexiglass doors

Industrial cabinets (43)
